Summary: On November 27, 2002, Gordon Smith, President and Chief Executive Officer, Pacific Gas and Electric Company (PG&E), wrote a letter (attached to the

notice) to Cmmrs. Lynch, Brown, Duque, Peevey and Wood. Peevey, David Gamson, Belinda Gatti and Peter Hanson, advisors to Cmmr. Brown, Trina Horner and Robert Kinoshian, advisor to Pres. Lynch, Bill Julian, Manuel Ramirez and Steven Weissman, advisors to Cmmr. Wood, and Laura Krannawitter and Lynne McGhee, advisors to Cmmr. Duque. The letter urges the Commission to take immediate action on a motion that PG&E filed on August 27, 2002, related to PG&E's 2003 general rate case application.

11/27/02 R01-10-024 Order Instituting Rulemaking to Establish Policies and
Cost Recovery Mechanisms for Generation
Procurement and Renewable Resource Development.

Summary: On November 22, 2002, Bill Stock, Chief, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Laura Krannawitter, advisor to Cmmr. Duque, in San Francisco. Also present were Lynne McGhee, advisor to Cmmr. Duque, and Les Guliassi, Director, Regulatory Relations, Roy Kuga, Director, Gas and Electric Supply, and Bill Manheim, Attorney, for PG&E. Kuga stated that PG&E intends to continue to work with the Commission to ensure that the procurement plan meets the requirements of SB 1976. Manheim stated that the plan approved by the Commission needs to include a trigger mechanism to ensure that cost recovery timely tracks procurement costs incurred. Kuga stated that approval of the plan constitutes up-front approval of the procurement costs and that PG&E's reasonableness exposure is limited to the utility's cost of administering the contracts.

12/5/02 R01-10-024 Order Instituting Rulemaking to Establish Policies and
Cost Recovery Mechanisms for Generation
Procurement and Renewable Resource Development.

Summary: On December 2, 2002, Bill Stock, Chief, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Kevin Coughlan, advisor to Cmmr. Peevey, in San Francisco. Also present were Roy Kuga, Director, Gas and Electric Supply, and Bill Manheim, Attorney, for PG&E. Manheim stated that the Commission should adopt a maximum disallowance risk associated with the administration of the California Department of Water Resources (CDWR) contracts, and that the cap be equal to PG&E's incremental costs incurred to administer the CDWR contracts. Kuga stated that the draft decision (DD) needed to be modified to ensure that surplus sales should be sold

under the utility's procurement plan and therefore not be subject to reasonableness review. Kuga also noted that the cost of financial hedges for the CDWR contracts should be borne by CDWR and recovered as part of the CDWR revenue requirement. Manheim stated that the DD should be modified to ensure that CDWR indemnifies PG&E or, if CDWR does not indemnify PG&E, such costs should be recoverable in rates. Manheim and Kuga also registered PG&E's continuing objection to any general effort to compel any forced assumption of CDWR contract operation, dispatch, fuel procurement, or other duties.

12/5/02	R93-04-003	Commission Order Instituting Rulemaking on Commission's own motion to govern open access to bottleneck services and establish a framework for network architecture development of dominant carrier networks and
	I93-04-002	Commission Order Instituting Investigation on the Commission's own motion into open access and network architecture development of dominant carrier networks.

Summary: On December 3, 2002, Tim McCallion, President-Pacific Region, Verizon California Inc. (Verizon), met with Cmmr. Peevey and Cmmr. Brown in two separate meetings in San Francisco. Also present were Lester Wong, advisor to Cmmr. Peevey, and Jenny Wong, Director – Regulatory Affairs, for Verizon. McCallion expressed great concern about the interim unbundled network element (UNE) rates recommended by the draft decision, particularly the magnitude of the reductions on loops and switching costs. McCallion noted that the proposed reductions were severe and on a percentage basis were significantly larger than those adopted for Pacific Bell. McCallion stated that the proposed UNE rates, if adopted, will significantly harm Verizon by creating artificially low UNE prices and sending inefficient pricing signals to competitors. McCallion stated that in doing so, the Commission would discourage investment by both Verizon as well as the competitive local exchange carriers. McCallion explained that the reasonableness of Verizon's proposal for interim rates is supported by the recent Florida decision.

12/13/02	A02-06-021	San Diego Gas & Electric Company (U 902-M), for Authority to Extend its Short-Term Borrowing Authorization of an aggregate amount not to exceed \$200,000,000 through December 31, 2007, in addition to that amount otherwise authorized by Public Utilities Code Section 823.
----------	------------	--

Summary: AUGMENTATION REQUIRED. On December 10, 2002, Billy Blattner, CPUC Relations Manager of Sempra Energy Utilities (SEU), met with Manuel Ramirez, advisor to Cmmr. Wood. Also present was Judy Peck, CPUC Relations Managers of SEU. Written information (attached to the notice) was transmitted electronically to Manuel Ramirez and Steven Weissman, advisor to Cmmr. Wood. Blattner explained that San Diego Gas & Electric Company's (SDG&E) current authorization to borrow \$200 million in short-term debt enables SDG&E to quickly and cost-effectively cover temporary cash shortfalls encountered in the ordinary course of business. Blattner added that SDG&E views the extension of short-term debt authority as a critical, but routine matter. Blattner stated that SDG&E supports the alternate of Cmmr. Brown, which utilizes the same language as the original draft decision.

12/13/02	A00-11-038	Southern California Edison Company, for authority to institute a rate stabilization plan with a rate increase and end of rate freeze tariffs.
	A00-11-056	Pacific Gas and Electric Company, for emergency application to adopt a rate stabilization plan.
	A00-10-028	The Utility Reform Network, for modification of Resolution E-3527.

Summary: On December 11, 2002, Lee Schavrien, Vice President of Sempra Energy Utilities (SEU), met with Kevin Coughlan, advisor to Cmmr. Peevey, and Cmmr. Brown in two separate meetings in San Francisco. At the meeting with Cmmr. Brown also present were David Gamson and Peter Hanson, advisors to Cmmr. Brown. Leslie Katz, Regional Vice President of SEU, participated in both meetings. Schavrien stated that at this time San Diego Gas & Electric (SDG&E) does not anticipate a need to increase its commodity rates as a result of the proposed decision nor the alternates proffered by Pres. Lynch and Cmmr. Peevey. Schavrien stated that with the direct access exit fee (CRS) revenue and other balancing account overcollections SDG&E should be able to offset any necessary increase resulting from the Department of Water Resources (DWR) bond charge. However, Schavrien stated that absent any revenue from the CRS or balancing account overcollections, SDG&E's ERRA commodity mechanism is designed to adjust rates in a timely manner consistent with AB 57. Katz stated that SDG&E would not be opposed to a consolidation of the alternates.

Summary: LATE FILED. On December 9, 2002, Alan J. Fohrer, Chairman, President and Chief Executive Officer of Southern California Edison Company (SCE), met with Cmmr. Wood in San Francisco. Also present were Steven Weissman and Manuel Ramirez, advisors to Cmmr. Wood, and Bruce Foster, Vice President, Regulatory Operations of SCE. Written material (attached to the notice) was used. Fohrer and Foster stated that the Commission should not order SCE to enter into an operating agreement with the Department of Water Resources.

12/16/02 A01-03-036 San Diego Gas & Electric Company, for a Certificate of Public Convenience and Necessity for the Valley-Rainbow 500 KV Interconnect Project.

Summary: On December 11, 2002, Osa Amri, an attorney for the Save Southwest Riverside County (SSRC), met with Cmmr. Brown in an all-party meeting in San Francisco. Also present were Belinda Gatti, advisor to Cmmr. Brown, representatives of the Office of Ratepayer Advocates, Tilden Kim, an attorney for the City of Temecula, James Kawahara, an attorney for the Pechanga Development Corporation, Wayne Schmus, the Community Intervenors' expert transmission consultant, representatives from the Centex Homes, Sierra Club, Greenpeace, San Diego Gas & Electric Company (SDG&E), and the California Independent System Operator. Armi urged the Commission to adopt the ALJ's proposed decision (PD). Armi argued that in light of SDG&E's failure to prove its case, the Commission should not proceed to Phase 2, as that phase would impose considerable hardship on the residents of southwestern Riverside County. Armi noted that Cmmr. Duque's alternate not only applies the inherently conservative N-1/G-1 reliability criterion, but also assumes that no new generation will be built in San Diego area. Armi argued that SDG&E is already overly dependent on imported electricity. Armi stated that instead of securing local generations, SDG&E is pushing the Valley Rainbow project, which would cost about the same as a new power plant, but produce no additional electricity. Schmus explained that there are serious problems with SDG&E's proposal. Kawahara described that status of proceedings before the Bureau of Indian Affairs and of a bill passed by both houses of Congress to protect the Great Oak Ranch from condemnation by SDG&E. Kim concurred that the Commission should dismiss the application.

Summary: On December 11, 2002, Billy Blattner, CPUC Relations Manager of Sempra Utilities (SEU), met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Also present were Steve Nelson, Attorney, Sempra Energy, and Judy Peck, SEU CPUC Relations Manager. Blattner stated that San Diego Gas & Electric

Company (SDG&E) supports Cmmr. Duque's alternate, which would enable the Commission to study routes, environmental impacts and project alternatives in Phase 2 of the proceeding. Blattner explained that any new generation in San Diego will displace older inefficient generation which cannot compete to serve base load, resulting in plant shut downs or costly reliability must-run (RMR) condition to contracts. Nelson pointed out that additional increases in SDG&E's RMR costs could exceed the carrying cost of Valley-Rainbow Interconnect (VRI). Nelson emphasized that if the Commission closes the proceeding, they will have done nothing to address the electric reliability deficit in San Diego. Nelson illustrated the arbitrary nature of the five-year planning horizon in both decisions. Blattner pointed out that the reliability analysis used in the decisions does not include generation retirements or economic displacement. Blattner explained that the project is justified for reliability purposes and that any economic benefits simply increase the value of the project.

Summary: On December 11, 2002, Jim Avery, Senior Vice President of Sempra Utilities (SEU), met with Cmmr. Brown in an all-party meeting in San Francisco. Also present were Belinda Gatti and Peter Hanson, advisors to Cmmr. Brown, Kevin Coughlan, advisor to Cmmr. Peevey, Steve Nelson, Attorney, Sempra Energy, and Billy Blattner, CPUC Relations Manager, and Leslie Katz, Regional Vice President, for SEU. A list of other attendees was maintained by Cmmr. Brown's office. Katz stated that San Diego Gas & Electric Company (SDG&E) supports Cmmr. Duque's alternate, which would enable the Commission to study routes, environmental impacts and project alternatives in Phase 2 of the proceeding. Katz argued that the proposed decision would risk blackouts by essentially killing the Valley-Rainbow Interconnect (VRI). Avery explained that generation is not a substitute for transmission and described recent generator status changes in San Diego that result in substantially increased costs and the electricity reliability deficit occurring sooner than SDG&E had estimated. Katz added that VRI will also improve access to renewable resources.

Summary: On December 11, 2002, James Scarff, counsel for the Office of Ratepayer Advocates (ORA), attended an all-party meeting with Cmmr. Brown in San Francisco. Also present were Belinda Gatti, advisor to Cmmr. Brown, Kevin Coughlan, advisor to Cmmr. Peevey, Michael Yeo, project coordinator, and Scott Logan, analyst, for ORA, representatives of San Diego Gas & Electric Company (SDG&E), the Community Intervenors, the California Independent System Operator (ISO), the Pechanga Tribe, and Centex Homes, Greenpeace and the Sierra Club. Written material (attached to the notice) was used. Scarff explained that if the Commission adopted ALJ's proposed decision, it would not create significant administrative. Scarff noted that the cost estimates developed in the record by SDG&E were too low and that without a reliable

understanding of the project costs, the Commission is not in a position to evaluate properly the feasibility and desirability of alternatives. Scarff further discussed the Commission's current generation procurement proceeding and the opportunity that proceeding provides to test the cost-effectiveness of this project, suggesting that SDG&E solicit generation offers to meet its N-1/G-1 criteria. Scarff explained that such solicitation could be a vehicle for SDG&E to acquire generation from Otay-Mesa or Palomar Energy Center, deferring or eliminating the need for the Valley-Rainbow project. Scarff stated that ORA submit that Mr. Avery's comments are factually incorrect and misleading.
